Growing Herbs from Seed, Cutting and Root	Tom DeBaggio	The basics from a frequent contributor to the Herb Companion, the magazine of Herb growing.
The Big Book of Herbs	Tom DeBaggio & Art Tucker	THE reference to go with the picture books- Lots of good text, no pictures
Park's Success with Herbs	Gertrude Foster and Rosemary Loudon	The major value to this book is that it shows pictures of herb seedlings. This makes it easier to identify those self sown seedlings in the spring garden.
Using Herbs in the Landscape	Debra Kilpatrick	A very useful book. It has excellent charts, layouts and cultural information
Herbs	Roger Phillips and Nicky Foy	An herbarium of pictures. An essential reference book.
Lemon Herbs: How to use and grow 18 great plants	Ellen Spector Platt	All Lemon herbs, culture and uses both cooking and crafts.
Herbs in the Garden	Rob Proctor and David Macke	Subtitled 'The Art of Intermingling', it is written with the good humor of Rob Proctor.
Herb Garden Design	Faith Swanson & Virginia Rady	Every design you could think of with plant lists.
