- Explore the rich legacy of his idyllic gardens and their lasting impact on the art world. Rarely exhibited Monet paintings never before seen in New York will be on display in a complementary Library exhibition that also includes Monet's original palette, digital versions of his sketchbooks, and more. We will enjoy a guided tour of the exhibit as well as have time on own for exploring and lunch.

- This afternoon we visit lovely Wave Hill. This 28-acre public garden and cultural center overlooks the Hudson River with spectacular views of the Palisades. Enjoy the beauty of its gardens, landscapes, and magnificent views.
